

Virtual meetings, when executed properly, can fill the current void in the events industry. Event strategists Conference Managers and Sponsorship Boost offer a blueprint for a successful transition to virtual meeting content, thereby mitigating the loss of the live event revenue.

As your partners, they will develop optimal meeting models for your organization—whether that be live, virtual, or hybrid. Once in-person meetings resume, the virtual components will continue to offer flexible solutions to engage attendees and increase meeting revenue.

TRANSITION

YOUR **LIVE EVENT** TO **VIRTUAL**
WITH CONFERENCE MANAGERS
